

FasNSmooth® and FasNFlex®

FasNSmooth®

- Available in 3" to 12" diameters
- Listed to UL 1777
- Made from 316Ti Stainless Steel
- UL Listed for All Fuels
- No Reduction Needed when Sizing
- Zero Clearances to Combustibles

Both liners use FasNClamp® components, formally VENTINOX® exclusive parts, so there's no need to buy all new components. FasNClamp® works with all three!

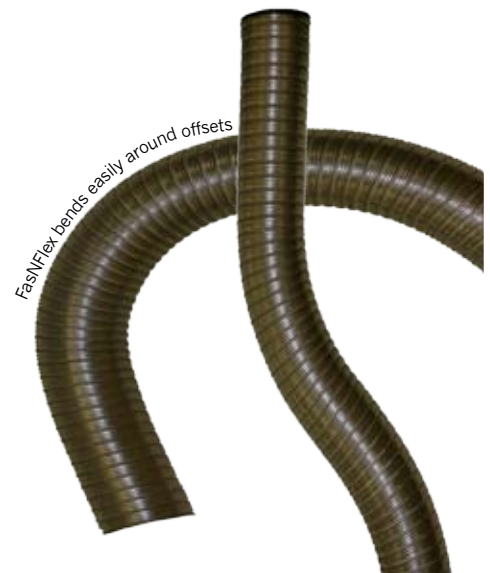

Custom kits are available in 20, 25, 30 and 35 foot lengths. Bulk liner is also available. Both liners carry a Lifetime Warranty and are made in the USA!

Liner Diameter Max. Section Length

3" - 6"	100ft.
7" & 8"	70ft.
9" & 10"	50ft.
11" & 12"	40ft.

FasNFlex®

- Available in 3" to 12" diameters
- Listed to UL 1777
- Made from 316Ti Stainless Steel
- UL Listed for All Fuels
- Shorter Corrugations - Less Pressure Drop
- Zero Clearances to Combustibles
