NEW PRODUCT ANNOUNCEMENT!

FasNSeal[®] Severe Weather Kit

Versatile!

- Perfect to vent many popular Tankless Water Heaters
- Add an elbow and vent length (sold separately!) to get above the snow line

Fewer Parts, More Features!

- NEW Universal Appliance Adapter (patent pending) with Condensate Drain & Backflow Preventer
 - eliminates condensate damage to heat exchangers and electronics
 - reduces cold air infiltration into heat exchangers
 - provides plenty of horizontal and vertical adjustability and is UL listed with 1" clearance to combustibles

Space & Time Saving!

- An elegant, efficient venting solution delivered in one compact box! (One SKU!)
